EXPERIENCE

HX Engineering, Accra — Full Stack Developer (Contract)

APRIL 2024 - JUNE 2024

- Developed a responsive, cross-browser compatible website and admin panel to aid in the operations of the business.
- Developed a secure backend system to handle online operations of the business.
- Implemented a robust authentication system to ensure routes related to the business' operations are secure.

Swoove, Accra — Front End Developer

MAY 2020 - DECEMBER 2023

Agency Admin Panel:

- Developed and transformed user interfaces into an admin panel, enabling delivery agencies to manage drivers, vehicles, and trips effectively.
- Wrote maintainable and beginner-friendly code, fostering collaboration and reducing onboarding time by 25%.

Hub Managers App:

- Developed a mobile app for Swoove hub managers to track inventory for packages received during the delivery process. This resulted in a 50% increase in operational efficiency for the hub managers' processes

Business Admin Panel:

- Developed an admin panel for businesses to manage deliveries, collaborating with the backend team to implement necessary routes. This resulted in a 30% increase in operational efficiency for businesses of varying sizes.

Delivery Creation Portal:

- Created a web page for users to create deliveries, integrating it seamlessly into agency and business dashboards. This integration led to a 30% increase in delivery creation efficiency.
